

The Portchester

room above garage

The Design

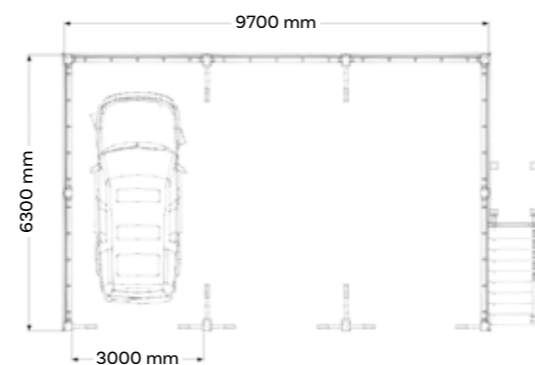

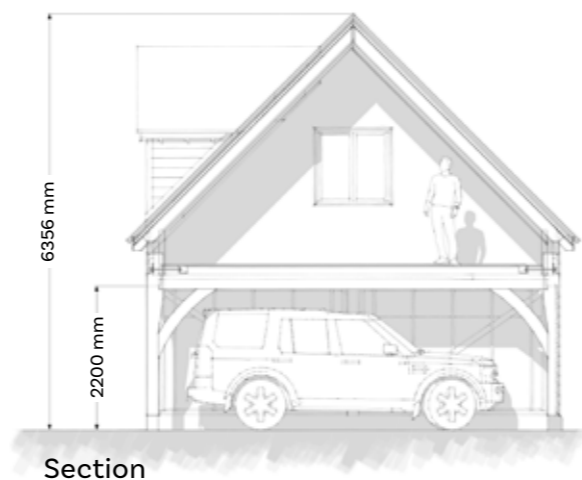

The design of our Portchester garage is an extremely popular design within our oak frame garage range. If you would like to create additional living space at home, the room above the Portchester subtly offers more space to serve a multitude of purposes.

Features

- Room above wall build-up provides an energy efficient and flexible living space.
- Larger bay depth of up to 6.3 metres to accommodate most 4x4's.
- Planed oak frame posts 175 mm x 175 mm.
- Traditionally pegged green oak frame.
- Natural saddle stones (not composite) for independent posts.
- Optional oak doors, or open bay configuration as pictured.
- Softwood rafters, studwork and choice of weatherboarding.
- Choice of roof covering, guttering, felt and battens.
- Windows and doors, as required.
- 10 year warranty on the structural oak frame.
- Full oak eaves & verge or optional larch eaves & verge.
- Finials and decoration points.

Optional Extras

- Dormer windows.
- Rooflights.
- Garage doors.
- Windows and doors.
- Roof tiles.
- Boarding.
- Hip/half hip roof design.
- Log store.
- Planning Permission and building regulations service is available.
